

Joseph Dirazar Pilonetto

Full Stack web developer

Profile

In November 2022, I decided to venture into the world of programming. What excites me the most is that any idea can be brought to life and put into practice, requiring me to be resourceful in order to overcome daily challenges and continually learn new things in this dynamic and full of opportunities sector.

Stared Courses

- SoyHenry Bootcamp
- FreeCodeCamp (HTML, CSS Y JavaScript)
- ISIV. PC Repair Course

Skills

JavaScript | TypeScript | NextJS
React | Sequelize | Tailwind
Prisma | PostgreSQL | NestJS
